Water Power and Taxes, Telephone Rates, Railroad Fares, Good Roads, and Other Live Topics Considered.

(Special Correspondence.) Lansing, Mich. January 18, 1908.

WESTERN CANADA'S 1908 CROP

WEST GIVE TO THE FARMERS OF WEST A SPLENDID RETURN.

The following interesting bit of information appeared in a Montreal paper:

"Last December, in reviewing the year 1907, we had to record a wheat harvest considerably smaller in volume than in the previous year. Against ninety millions in 1906 the wheat crop of the West in 1907 only totaled some seventy-one million bushels, and much of this inferior quality."

"All Counties interested. An interpretation of the clause relating to the improvement in the new constitution is to be made by the officials of Saginaw county. It also concerns all counties in the state where there are any lands in the public domain. The county desires to build at once many miles of stone roads in the form of trunk lines across the country, to connect the various sections of the state. It is under the new constitution, a county must formally vote for the adoption of the county road system before it can become operative. Local opinion differs widely as to whether the supervisors can go ahead and order a \$2 tax levied without having the matter first settled by a vote of the people."

Home Rule. The house rule bill under which the new legislature in Michigan is to be organized has been put in the hands of Rep. Charles Flowers, who is in conference with prominent civic and commercial leaders and expects to have a measure which will be both safe and sound. It is expected to appear before January 21.

New Commission. There is probably a new commission established this session to be known as the commission of public lands, which will examine the public lands in the state and report to the legislature. The commission will be composed of the governor, the attorney general, and the state treasurer.

Nominations Made. Gov. Woodard has nominated the following: William B. Dickson, George W. Dickson, and James S. Dickson. The nominations were made for the office of state treasurer.

New Tax Proposed. The legislature is expected to pass a bill providing for the increase of the state's taxes.

Point Resolutions Stopped. The legislature is expected to pass a bill providing for the stopping of point resolutions.

Members' Pay. The legislature is expected to pass a bill providing for the increase of the members' pay.

Early Elections. The legislature is expected to pass a bill providing for the holding of early elections.

Important to Mothers. The legislature is expected to pass a bill providing for the protection of mothers and children.

Signature of C. H. Peterson. The legislature is expected to pass a bill providing for the signature of C. H. Peterson.
