Says Men Are All Alike.
In the Woman's Home Companion appeared the story of a coquette in which the coquette gives the following advice to her cousin: "Don't make the stupid mistake thousands of women make. Don't! Every woman thinks her husband is different. But, trust a worldly woman, my dear, of much experience, men are all alike. They tire of what they know in exactly their own. The thing a man should never lose sight is that his wife is attractive to other men as well as to himself."

Five of a June Morning.
Got up before five and went down to replant corn. As I topped the hill the crows flew off, cawing angrily. "This is our time," they seemed to say. Found hill after hill scratched over and the sprouting corn scattered about. At 5 a. m. in June one has the weather of 9 a. m. in October or high noon in December.—From "A Farmer's Note Book," by C. E. D. Phelps.

G. ROSS THOMPSON

Candidate for Register of Deeds on the Republican ticket has been a member of the Oakland County Board of Supervisors for the last eight years, serving on all the important committees, two years as chairman of the Board, and upon taking the chair made one request that the Board should forget its politics and work for the interest of the Tax Payers of Oakland County. Mr. Thompson is especially well qualified for the office, a thorough business man, well educated and one of the best pen men in the county. Four years ago Mr. Thompson withdrew from the Register's race in favor of Mr. Gardner, and at this time feels entitled to the support of the electors of the County, and if nominated and elected, will give the office his personal attention.
