Stop Those Early Bronchial Coughs

They hang on all winter if not checked, and pave the way for serious throat and lung diseases. Get a bottle of Foley's Honey and Tar Compound, and take it freely. Stops coughs and colds, heals raw inflamed throat, loosens the phlegm and is mildly laxative. Best for children and grown persons. No opiates. T. H. McGee.

Make the Farm Pay

First of all, the farmer must be a business man.

Farming is manufacturing food and food products and the farm and farm equipment constitute the plant.

Competition is keen and it requires business methods to make money.

The parcels post has opened the way to wider markets. Rural telephones, trolleys and mail delivery have brought unlimited opportunity for doing business.
