A Liberal Offer.

The Enterprise management has completed arrangements whereby it purposes to give one of the most liberal subscription offers ever made. For the next 30 days we

offer the following:
The Farmington Enterprise, The Rural Weekly of St. Paul and The Farm Press of Chicago, three papers, one year, for \$1.00 This offer is for both old and new subscribers. Our regular subscribers can secure this liberal offer by paying up all arrearages and one year in advance, which puts them on the same basis as new subscribers. And new subscribers will be re quired to pay for one year in advance. Remember, this offer is made only for a short time.

A list of five new subscribers at one time, costs \$4, thereby giving the hustler who secures that numher some remuneration for his trouble.

"Little Johnny Jones" differs from any other musical play of recent times insamuch as it contains a dramatic story which at times almost borders on the sensational, and for this reason perhaps it has been called a musical melotrama.

The story tells of the fortune and deventures of an American jockey who goes to England to rid the races, meets with all kinds of adventures and a maericam jockey who goes to England to rid the races, meets with all kinds of adventures and experiences. All, bowever, is made right in true melodramatic fashion, the villain is putushed and the hero and berroime made happy before the final curtain. The company, in all 75 people, is one of the largest on tour this season.
