Devoted to the upbuilding of Farmington and Oakland County

The only vacant apartments in the village right now are under the supervision of Marshal Henry Pauline over at water works hall.

We lost a subscriber last week, but in doing so we made a collection in cash for several years back subscription. That's the kind we want to lose.

And one certain very young, but very knowing young man, when asked what he had named his play automobile, promptly replied, "Local Option".

In Germany they have discovered that potato bread keeps longer than pure wheat bread. Over here however, we all know that a tough steak lasts longer than a tender one.

We had intended saving something about this Spring fever that a few of us are bound to enjoy each year, but Cartoonist Chapin beat us to it, in his cartoon on the front page.

And if we understand the action of the council aright, the fellow who owns a chicken must also own a pen. Another instance of where the pen is mightier than the ax—maybe.

Another costly lesson has been learned in Detroit, in the street railway accident, where 15 lives were lost and many more injured. It will probably result in the necessary improvements, but at such a cost.

No, gentle reader, those unearthly sounds that you hear coming from the southwest these still Spring evenings, cometh not from the European battlefields—merely Farmington's band doing a little "woodshedding".

A pessimist is a queer fellow. He borrows your horse and kicks at its gait. He begs a cigar and complains of the flavor. He profits from the prosperity of the town—then gives it a kick. He listens to a \$5.00 sermon and drops a nickel in the contribution box. In the height of prosperity he can see nothing but gloom ahead. He gloats over his own virtues and rails at the frailties of his neighbors. He was born with a grouch, lives the life of a grouch, dies the death of a grouch and passes into a perpetual grouch. Don't be a pessimist.
