SAN-JAK

is the greatest rectifier for the blood and skin yet known. Greasy skin with pimples, blotches, eruptions or scrofula easily cleared away. Its use leaves the blood and skin as pure as the lilies. SAN-JAK for the stomach, nerves and blood is the best the world ever saw. SAN-JAK prevents the excessive flow of poison fluid into the blood from the super renal glands near the kidneys, causing the arteries to harden in years past 50. This preventive keeps the arteries soft and flexible, giving flexibility to the muscles as in youth.

You can feel well and active at any age from 60 to 90 years. Man should die of old age, not from disease or diseased tissue. Mothers and daughters can avoid many dangerous operations by the use of this wonderful medicine. \$1.00 per bottle. Get SAN-JAK of

One man at least doesn't have any fear that the outcome of the Barnes Roosevelt suit, is going to result in the reinstatement of the winner of the suit at the head of the government on a Republican platform. Hon. William Alden Smith has announced an intention of his own.

For once, at least, in troublesome times, we don't hear anything about big ammunition and gun manufacturers, being at the bottom of and trying to force this country into war. If there is one branch of industry that is exceedingly busy at this time, without any orders from Uncle Sam, it is those afore-said manufacturers.

Last Tuesday the village of Orion officially celebrated the birthday of Mrs. Lorena Beebe, whose rooth birthday fell on that date. She is easily the oldest resident of the village, and the entire community joined in celebrating the event. Business houses suspended business, and 500 persons gathered at the M. H. church to help carry out the celebration program. Mrs. Beebe was presented with a beautiful rocker as a gift from the town. She is apparently in good health.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK ANDERSON, Confrey, Minn. Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.
