## Some Marvelous Exhibits at the Panama-Pacific International Exposition

Exhibits in Agricultural Palaces at the Panama-Pacific International Exposition Show Caterpillar Gaining Favor Over Lug-wheeler Tractors in Farm Machinery.

An observer in the Agriculture Palace at the Panama-Pacific International Exposition at San Francisco cannot help noticing, in the display of agricultural power machinery, the almost complete supersession of the new design of power tractor, known as the caterpillar, over the cumbersome, unstable, high-wheeled engine of a few years ago. There are few of the old models on exhibition, while the caterpillar principle has been applied to almost every type of engine for agricultural purposes.

The caterpillar proper is a heavy sheet metal chain, varying in width from ten inches to two feet according to the weight of the engine, which passes around two heavy sprocket wheels like a belt. These wheels, revolving, pass the chain about them, the lower part moving backward, while the weight of the engine resting on the broad surface of the chain between the two sprockets.

An engine of this type can be operated on ground soft enough to mire an ordinary farm wagon.

Duplicate of the Roosevelt African Shotgun.

A duplicate of the shotgun which Col. Theodore Roosevelt took with him on his African trip, a gun constructed expressly for him by an American armorer, is on display at the manufacturer's exhibit in the Manufacturer's Palace at the Panama-Pacific International Exposition, San Francisco. The gun cost its illustrious owner \$360, and its beautiful design, graceful lines and wonderful inlay work would justify the expenditure to any lover of fine pieces. The stock is elaborately hand carved, the barrels and lock are hand engraved, and the lock is inlaid with a hunting scene in gold. The barrels are of the finest Krupp steel. Before starting on the trip the ex-president wrote to the makers: "I really think it is the most beautiful gun I have ever seen. I am almost inclined to take it back and subject it to the rough treatment it will receive."

The left barrel is choked and the right open. It is covered to shoot either buckshot or a single ball and will fit in a group in this Palace are displays by four of the world's great manufacturers of sporting arms, which form an exhibit which attracts hundreds of spectators. Each display is in charge of a firm's expert.

The Sunday school class of Mrs. M. B. Pierce, composed of young ladies, met at the home of Miss Edessa Warner last evening. After the regular business meeting the evening was spent in a pleasant social way. Refreshments, consisting of ice cream and cake, were served.

Miss Almada Travis entertained Misses Viola Owen, Helen Dohány and Evelyn Price, at supper last evening, at her home near the Base Line curve.

A Bull at Bay.  
A thrifty Whimsian at one time exhibited himself publicly in England attended in a costume composed from top to bottom of tin cans, which he had spent three years and a half in collecting. The dress was made entirely by himself, he consisted of hat, necktie, shirt, coat, waistcoat, trousers, tippet, gaiters and shoes. The number of rats required to complete the suit was 570. Most curious of the garments was the tippet, composed entirely of rats' tails.—London Telegraph.

## Whole Family Benefited By Wonderful Remedy

There are many little things to annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves and others as well.

A good thing to do under such circumstances is to take something like

Dr. Miles' Anti-Pain Pills to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 82 Plum St., Atlanta Ga., writes:

"I have on several occasions been vastly relieved by the use of your medicine, especially the Anti-Pain Pills, which I keep constantly on hand for the use of myself, husband and two sons. Nothing in the world equals them as headache remedy. Often I am enabled by the use of one or two of the pills to continue my housework when otherwise I would be in bed; my husband joins me in my praise of the Anti-Pain Pills and Nervine."

Dr. Miles' Anti-Pain Pills are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you can have no reason for being long without them.
