The Oakland County Sunday School Association is awake and doing business. Its very latest move is to put on a great Sunday School Evangelistic Conference. After the many special meetings held by the various churches about the county, this conference should be of special importance and value.

It will be held in the First M. E. Church, Pontiac, on June 30. A banquet will be served at about 6 P. M. We understand every pastor in the county is expected. Lodging Wednesday night and breakfast are gladly furnished free by the Pontiac schools. Names of delegates should be sent to Rev. W. G. Nixon, 129 Auburn Ave., Pontiac, Mich., as soon as possible.

The great man of the conference will be Raymond Pilcher of Battle Creek, he being State Supt. of Evangelism. But it is to be a conference, not a series of fireworks. It will get down to hard problems and do something to solve them. This paper will secure a full report from the delegates from Farmington to be published after the conference.

Birthplace of Chimneys. Chimneys are modern—that is, chimneys with fireplaces and flues. None of the Roman ruins shows chimneys like ours. There is none in the restored buildings in Herculaneum and Pompeii. Roman architects complained that their domestic fires smoked up. A kitchen in Rome was always sooty. Braziers were used in the living rooms. The chimney of antiquity consisted of a hole in the roof. The wealthy Romans used carefully dried wood which would burn in the room without soot. The modern chimney was first used in Europe in the fourteenth century. The oldest certain account of a chimney places it in Venice in 1347.

Presence of Mind. "What did you learn at the school?" the boss asked the fair young applicant for the stenographer's job. "I learned," she replied, "that spelling is essential to a stenographer." The boss chuckled. "Good. Now let me hear you spell essential."

The fair girl hesitated for the fraction of a second. "Where are three ways?" she replied. "Which do you prefer?" And she got the job.—Cleveland Plain Dealer.

GOOD COMPANY.

As friends and companions, as teachers and counselors, as recreators and amusers, books are always with us and always ready to respond to our wants. We can take them with us in our wanderings or gather them round us at our firesides. In the lonely wilderness and the crowded city their spirit will be with us giving a meaning to the seemingly confused moments of humanity and peopling the desert with their own bright creations.—John Alfred Langford.
