HOW THE WORK PROGRESSES

THE PRIMARY BILL WHICH WAS PASSED BY THE SENATE HOLDS UP COLBY'S.

THE STATE FAIR BILL UP.

There Are Many Interesting and Very Important Matters Under Consideration Just Now.

(Special Correspondence.)

Lansing, Mich., March 8, 1909.

While the past week has not resulted in turning out the amount of work anticipated, much of importance has been accomplished. In the afternoon the Dickenman primary law, which entirely reorganizes the primary election law of the state, was thrashed out in sessions which lasted nearly 48 hours, finally passing with the most enthusiastic approval of the Senate. The bill, which has just been passed by the Senate, has just been passed by the Senate, has just been passed by the Senate.

Money for State Fair.

The biennial bill for an appropriation for the state fair at Detroit was introduced on Friday by Representative Van Dine. The bill provides for \$200,000, payable in 1910 and a like amount payable in 1911. All of this money is to be used to construct a new fair ground, and the state fair association has asked for \$150,000 for the same period, but the feeling in the house seems to prevail that the state should have to provide for the fair ground, and the state fair association has asked for \$150,000 for the same period, but the feeling in the house seems to prevail that the state should have to provide for the fair ground.

Too Many Boys and Girls.

Governor Warner has sent out to all probate judges and county clerks a letter calling their attention to the overabundance of children in the industrial school for boys in Lansing and the industrial home for girls in Adrian, and advising that as far as possible arrangements be made for the removal of these children to their parents or to other suitable homes.

Relief of Old Soldiers.

Representative Chandler, sometime ago introduced a bill for the relief of old soldiers and widows of soldiers who cannot pay their taxes. The bill gives such persons an exemption of \$1,200 in real estate and \$300 on their personal property. The bill is not a new measure, but an amendment to an old one, and it is believed that it will be passed by the Senate.

Up to Specifications.

Representative Colby, of Detroit, introduced a bill which, if it becomes a law, will be of much importance to the cities of the state. It makes it a misdemeanor for sidewalk contractors to vary from the specifications regarding material used in sidewalk construction.

Loaded the Bill.

The regulation liquor bill, known as the Ormsbee bill, was reported by the committee. The bill is a very important one, and it is believed that it will be passed by the Senate.

A Dog Tax Bill.

Representative Baldwin, of Leavenworth, has introduced a bill to provide for a tax upon dogs. The bill is a very important one, and it is believed that it will be passed by the Senate.

The Fortune Teller. The bill making it a misdemeanor to tell fortunes or predict the future for money, which passed the house last week, is being very vigorously pushed in the Senate. The bill was held on Thursday evening, at which a large number of Spiritualists were present on account of the bill affecting their right to hold meetings and for seances. In the midst of the hearing, what at first appeared to be small white flags, were seen fluttering near the lofty ceilings above the Spiritualists. The flags, which were being made for the benefit of the occasion. It transpired, however, that some of the flags had strong handkerchiefs on a cord and rubber, and succeeded in making a very clever deception.

Sergeant-at-Arms Was Busy.

The first "call of the house" occurred one day last week. The bill to grade the state capital grounds from \$500 to \$1,200 per annum was up. Several members were ducked and Mr. Baird, of Bay County, moved the call. The big doors were closed with a bang, the members were shivered in their seats and Sergeant-at-Arms Quillman took command of his forces, handling the drag net in person. A down town restaurant he captured Jim Haviland, of St. Clair county, but they say he missed Ray Mackay seated at another table. Any way the sergeant was congratulated on the vigorous manner in which he handled the first call of the session.

School Superintendents.

The salary of superintendent of public instruction was on Thursday finally fixed at \$4,000, but the rural inspector was not so lucky. The school superintendents will have things their own way. The salary of the deputy, which had been fixed at \$1,500 by the bill, was reduced to \$2,000, which is the present salary. Mr. Keeler, the deputy, is a very competent man and has a place at St. Pleasant Normal school, where he was getting \$2,100 a year, to take his present position. It is claimed that he will resign and give his attention to something more profitable. The economy practiced in pruning this bill was the work of the Farmers' club.

Short of Funds.

The condition of the state treasury does not appear to improve very rapidly. The bill for the payment of the interest on the state bonds, which was made aware on Friday morning, was not so lucky. There was no money to cash their checks, and the bill will have to wait until some of the state treasurers make their returns. This is the first time that the bill has been held up by shortage in the treasury.

An Index Scheme.

A bill in which old soldiers will also be interested has been introduced by Representative Van Ralke and provides for the publication and distribution of the copies of the general index to the records of Michigan Soldiers and Sailors of the War of 1861-1865. The bill provides for the payment of preparing and printing the index.

Libel the Eggs.

Senator Smith, of Detroit, has introduced a bill in the Senate making it a misdemeanor for dealers to label cold storage eggs poultry and game, and forbidding the sale of storage eggs as fresh eggs. The bill is a very important one, and it is believed that it will be passed by the Senate.

Went \$30,000.

The fish commission, through a bill introduced by Representative Woodruff, has asked for an appropriation of \$30,000 for the purchase and sale of fish. The bill is a very important one, and it is believed that it will be passed by the Senate.

SPECIAL SESSION CALLED TO MAKE REVISION OF THE TARIFF.

NEW CABINET, SWORN IN

Latest News and Gossip From the National Capital Interestingly and Briefly Told.

All but two of the nine members of President Taft's cabinet are now in office. Six, including Secretaries Knox, Meyer, Wilson, Nagel and Ballinger, and Postmaster-General Hitchcock, took the oath of office Saturday.

President Taft issued a proclamation calling Congress in extraordinary session March 15 to revise the tariff.

The call, which was issued from the White House, like the first, "as one of handshaking and glad words. Delegation after delegation was received. His methods in the art of 'mixing' were demonstrated to be different from those of ex-President Roosevelt.

Mr. Taft takes much more time than did his predecessor in making the acquaintance of his callers, and insists on knowing not only their full names, but their residence and matters of family history.

The inauguration.

William H. Taft, of New York, were inaugurated Thursday as president and vice president of the United States.

The ceremony of the inauguration was accompanied with all the usual pomp and circumstance, but the unusual conditions, owing to a terrible blizzard which swept over the national capital, paralyzing street traffic, delayed the communication with the outside world and bringing dismay to the thousands of assembled visitors who had gathered in expectation of the most spectacular scene since the inauguration of George Washington.

Notwithstanding the adverse conditions, all of the main features of the inauguration were accomplished. The main change was made in the original program so that the inaugural address, usually delivered from the east portico of the Capitol, is pronounced by Mr. Taft in the Senate chamber, where he also took the oath of office.

Roosevelt Again!

A mysterious and anonymous campaign for the re-election of President Theodore Roosevelt to the presidency of the United States, which has been going on for some time, was given a new impetus by the publication of a letter from a person who claimed to be a member of the Roosevelt family.

The letter, which was published in a newspaper, stated that the person who wrote it was a member of the Roosevelt family, and that he was a member of the Roosevelt family.

BOY BRINGS HOME BODY OF FATHER WITHOUT AID

PUTS BODY OF PARENT, ACCIDENTALLY KILLED, IN SLEIGH AND DRIVES FIVE MILES.

Boy City, Mich.—"There wasn't any one to help, so I brought papa's body home with me."

And Charley Kozlowski, 12 years old, gently removed a corpse covering from the countenance of his father, repeating the brutal fact to the gaze of the weeping wife and mother.

Lorenz Kozlowski was a farmer who resided 18 miles north of Lansing. The other morning he was cutting trees on a small timber plot owned by himself.

The plot is five miles from Kozlowski's house. When he went out there he was accompanied by his son.

A huge tree, standing stump in falling and grace, hitting Kozlowski.

A NURSE'S EXPERIENCE.

Backache, Pains in the Kidneys, Blotting, Etc., Overcome.

A nurse is expected to know what to do for common ailments, and women who suffer lack of action, and other common symptoms of kidney complaint, should be grateful to Mrs. Minnie Turner, of E. B. St., Andover, Okla., for pointing out the way to find quick relief.

Mrs. Turner used Doan's Kidney Pills for a run-down condition, backache, pain in the sides and kidneys, bloated limbs, etc. "The way they have built me up is simply marvelous," says Mrs. Turner, who is a nurse. "My health improved rapidly. Five boxes did so much for me I am telling everybody about it."
