The conversion of all the cemeteries of the country into sanctuaries for birds is the aim of a campaign announced by the National Association of Audubon societies. The association urges the exclusion of hunters and cats from cemeteries so that the birds may be protected. It is hoped also that through the campaign the cemeteries may be made habitable for the birds. There are more than a million acres of land in the United States used as burial grounds, and the association hopes to add these to the bird reservations.

PEEP AT ROYALTY.

"Did you ever gaze on royalty?"
"Just once. It cost me \$2.75 and the chap who held it drew two cards, too."

Alas.

Fate plays on mortal divers tricks
And keeps them always guessing.
A chap a "good housekeeper" picks
And finds her fortune is dressing.

Down on His Back

"About two years ago I got down on my back," writes Solomon Bequette, Flat River, Mo. "I got a 50 cent box of Foley Kidney Pills and they straightened me up. I recommend them to all who have kidney trouble." Rheumatic aches and pains, soreness and stiffness, sleep disturbing bladder trouble, yield quickly to Foley Kidney Pills. For sale by T. H. McGee
