### Around the County

The Oakland County Savings Bank at Pontiac moved into its new building this week.

The people of Oxford will vote at the spring election on the water maintaining a public library in the village. The proposition has been presented for consideration several times in the past but has never reached the stage where it has been made the subject of a popular vote.

Ernest Bigler, 28, son of Mr. and Mrs. Marshall Bigler, was seriously and perhaps fatally burned and the Bigler home in Pontiac partly destroyed by fire which called out the department twice, early Friday morning. Bigler remained in the burning building for nearly half an hour after the firemen reached the scene and was discovered quite by accident lying on the floor in the parlor by Fireman James Clevenger, who carried him out of doors. His face, arms, hands, back and legs were frightfully burned and the flesh dropped from his face and hands. Bigler died in the hospital Friday evening after suffering terrible pain all day. The fire is thought to have started from a cigarette dropped to the floor when Bigler fell asleep.
