WAYNE GETS LARGEST SHARE

Money to Be Devoted to Making and Improving Roads About the State Will Be Plentiful.

Lansing, Mich.—Secretary of State

Vaughan has reported to Auditor General Fuller the amount of money each county will receive from automobile license sales.

Up to July 1, a total of \$1,492,935.35 was collected by the state department, half of which goes to the various counties where the application for licenses originated, and half to the state highway department.

Wayne receives the largest share, \$213,454.47, while Kent ranks second with \$42,781.71.

The amounts the various counties will receive as their share to be used in building and improving roads are as follows:

Mrs. E. L. Calkins, who was recently re-elected president of the Michigan W. C. T. U. for the twelfth year is confined to her home at Battle Creek as a result of an automobile accident at Rosebush, Isabella county, where she was on a campaign tour for the statewide dry movement.

The West Michigan Pike association tourists will leave Chicago Monday on the 600-mile tour to Mackinac City. Stops will be made at the Twin Cities, Macatawa Park, Hart, Manistee, Glen Haven and Harbor Springs.

A large boulder will be placed in front of the old Will Carleton homestead, birthplace of the poet, two miles east of Hudson, by the Will Carleton Memorial association, which was formed a few months ago. The boulder will be taken from the Carleton farm and on it will be a bronze tablet.

WM. W. TACKABURY

Pres. Auto Specialty Co.

One of the most prominent among the younger generation in the automobile world of Detroit is William W. Tackabury, president of the Automobile Specialty Company, 10 West Warren Ave., an efficient electrical repair and exchange institution.

Which seen by a representative of this newspaper, Mr. Tackabury said: "One of the most important elements in the electrical division of the auto. The magnet is to the auto what the heart is to the man and just about as sensitive. We make it our business to have on hand parts for all makes of magnetos, in fact we have complete magnetos of all makes so that should any of our customers desire, we can exchange the magnetos they now have for a new one or a better one. We are equipped, as you can see, to give very efficient service and make a special effort to please our out of town patrons. Many of the garages throughout the United States send their work to us here."

The Experience of a Business Man

"There is a psychology of drinking," said N. M. Meyers, manager of the Detroit Neal Institute recently "a state of mind, that results from drinking as a habit. That is the state of mind that prompts a man to drink, even when he really doesn't want liquor. This state of mind is abnormal—a sort of insanity. It is as much a part of the disease of alcoholism as the condition of the digestive organs and the blood."

"Just to illustrate this point, let me give you the experience of a business man just as he told it to me which is as follows:

"I realized this," said the man, "when that mind was affected so that I felt that I had to have a drink whether I wanted it or not. The desire to drink is sometimes an impulse, rather than a craving. The craving is physical—the impulse is mental. Either one is a burden—both together a combination that every habitual drinker succumbs to. Often the mental impulse, without the physical craving leads to the first drink—and the first drink almost invariably starts the craving that is irrefragable. That is what happened to me and it is to the Neal treatment that I owe my present health and joy. For every ounce of good that liquor did, it has done million pounds of harm—and perhaps if you are like I was and will follow my example and try the Neal three day treatment, for every drink taken in the last ten years you will have a dollar in the next ten."

Safety First in Buying Tires

You should practice safety first in buying tires. In Detroit there are a number of very reliable firms. One of the most prominent of these is the Tire Supply Company whose offices are located at 807 Woodward Avenue. This firm does a national business having offices in Philadelphia, Pittsburgh, Kansas City, Mo., and Dallas, Tex. As the result of this huge volume of business, they are naturally in position to quote very low prices. The guarantee of this firm is a substantial one. It gives the purchaser the opportunity of examining all shipments before paying any money to the express company.

Sarsaparilla in Porto Rico.

Sarsaparilla grows all over the island of Porto Rico. It is in common use and "Jibaros" peddling it in small bundles are to be seen constantly. It is used for medicinal purposes, brewed in the form of various teas and other decoctions, and also steeped in rum.

Worth Considering.

"I'm going to a summer hotel that makes a specialty of good things to eat. The manager weighs nearly 300 pounds and his wife tips the scales at more than 200 pounds." "Still, I wouldn't jump to conclusions. How do you know they eat there?"

Our Saved-Off Sermon.

A man whose wife has worked herself to death to help him along thinks he has done his duty when he has "At Rest" carried on her grave-stone.
