## FOR BABY

Baby's health depends as much on the right temperature of the milk as on its quality. Good quality is easily obtained, but to have it at the right temperature at any time of day or night is often troublesome, if not impossible, unless you have an

### Electric Milk Bottle Warmer

This handy utensil will heat the milk in any room where there is an electric lamp socket, and in a few minutes. You can have it an electric lamp socket, and in a few minutes. You can have it by your bedside nights, and warm the milk without getting up. Fine also for Shaving, making a cup of Tea or Coffee, a little Broth. Invaluable for the sickroom.
