For the Family Medicine Chest

Green Bay, Wis., Mrs. Wm. F. Bule, says: "I always use Foley's Honey and Tar for our children as it quickly breaks up their colds with no bad after effects, and then they like to take it."

In this season of coughs, colds and croup, every family medicine chest should be supplied with a good cough medicine that can be relied upon when needed.

Such a family cough syrup is Foley's Honey and Tar Compound. This standard medicine has been on the market for years and in many sections was found to be very honest in the data when doctors were not so handy and when money was scarce.

Foley's Honey and Tar Compound is an excellent medicine for coughs, colds, croup or whooping cough, sore throat, tightness and soreness of the chest, croup and whooping cough, and is an absolutely safe remedy, containing only healing ingredients, and free from any harmful drugs.
