The Babies.

Lincoln's Springfield, London editor, was talking to an American correspondent.

"I know a regiment," he said, "where the subalterns are so young that not one of them is able to read the instructions required by etiquette."

"A handful of privates from this regiment swaggered back to quarters late one night singing the popular ditty, 'Another Little Drink Won't Do Us Any Harm.'"

"As they passed the officers' billets, the guard on duty growled at them: 'Shut up, you noisy fools, or you'll wake the war babies!'"

Britain contains 12,000 interned German prisoners.

Powerful Combination.

Tim was a protégé of Mr. Blank, a well-known lawyer. He was often in trouble, but by personal influence with the courts Mr. Blank managed to have him let down easy, so it became a matter of fact that he did not suffer greatly in being arrested.

"How is it, Tim," someone asked one day, "that you are arrested so often, but never go to jail nor pay any fines?"

"It's just this way," Tim replied, "I have Mr. Blank for my lawyer, and what he doesn't know about law I tell him."

Sixty miles of thread woven from the fiber of a species of Italian nettle weighs only two and a half pounds.

Preparatory Work for Winter.

What about the winter window garden?

Now is the time for much work that cannot be delayed.

One of the best winter blooming geraniums is Mrs. E. G. Hill.

Many old plants should now be discarded and new ones started.

Do not let the geraniums get leggy. Pinch into shape.

Pinch out the buds from plants intended for the window garden.

Late started plants are not satisfactory. Begin now.

Get your soil, sand manures and potting materials together.

Clean, scour, sun and put in place the pots for winter. Have every vessel clean.

Use charcoal in your drainage. Dead coals from wood-stoves are good as any.

Report all plants needing it, cutting back severely. Don't try to keep every thing.

Try to have your plants at their best when it is time to take them in doors. Pinch and prune into good shape.

Drops of water must not stand on leaves of the glorioxa, as water will rot it.

Get seedling primroses from the florist now, keep growing and thrifty for winter bloomers.

The petiole variegata is a good bracket plant and a free bloomer.

For winter blooming, get dormant tuberous-rooted begonias; give each tuber a pot by itself.

If one has no plants and cannot afford to buy, the seedlings of many garden plants are easily cared for. Many are satisfactory.

The Zanzibar balsam-impatiens sustains is always in bloom, always beautiful, easily cared for. A fine window plant.

Slips of fuchsias, heliotropes, petunias, coleus and other soft-wooded plants, root readily in moist sand. Slip now.

THE WINDOW GARDEN

By E. VAN BENTHUYSEN.

Give the windows at which plants are to be kept a little attention at this season. Go over the sash, and make sure that the glass in it is well fastened in place by putty. If any panes are loose, re-putty them. See that the sash fits the frame well.

These little crevices are the ones through which a great deal of cold may come when the temperature drops below zero and there is a stiff wind blowing.

It is an excellent plan to fit the windows of the dwelling with storm windows—storm sashes. Not only for the benefit of the plants, but the human occupants as well.

At windows protected by storm sashes plants can be allowed to stand against the inner glass, on the coldest night, without injury, as the air space between the two sashes is a most efficient non-conductor of cold.

HOW TO ATTRACT BIRDS

Protection is the prime requisite for increasing the number of birds in an area, and the results of protection are in direct proportion to the amount given.

Besides insuring birds against every form of persecution by human kind, we must defend them from various natural foes. The most effectual single step is to provide a place for the birds free from the cats.

Although a considerable number of our native birds build their nests on the ground, the majority place them in trees of shrubs, either in holes or on the limbs or in crotches.

Shrubby and trees for nesting sites, therefore, are essential for making the place attractive to birds, and a double purpose is served if the kinds

plants are chosen from the list of fruit-bearing species. Shrubs should be allowed to form thickets and should be pruned back severely, when young, so as to produce numerous crotches.

Constant removal of old trees and modern tree surgery resulted in a great diminution of a number of tree cavities, the natural home of most of our hole-nesting birds. Fortunately most of these birds will utilize artificial nest cavities, or birdhouses.

An unsightly telegraph pole may be made attractive by the birdhouse and climbing vines.

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 769 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISLINO, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving women's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women who are not medical doctors.

EXPECT TO RAISE BIG SUM

Anti-Tuberculosis Societies Plan Sale of One Million Dollars' Worth of Red Cross Christmas Seals.

Three hundred million Red Cross Christmas seals are being printed in Cincinnati for the annual holiday campaign to be conducted under the joint auspices of the American Red Cross and the National Association for the Study and Prevention of Tuberculosis.

The campaign for the sale of the Red Cross seals this year will be larger than ever before. Although in 1915 the sale reached the record total of \$6,000,000 seals, bringing in \$500,000, it is expected that this year at least 100,000,000 seals or \$1,000,000 worth will be sold. The sale will be organized from Alaska to the Canal Zone and from Hawaii to Porto Rico. Every state and territory in the United States will have seals on sale. New organizations will be working in a number of the western states, including Montana, Utah and Wyoming. Distribution of the seals is now under way.

Antidote for Loneliness.

A Little North side miss, whose mother is dead, lives with her little brothers and sister at the home of her grandmother. Her father, who is a physician, has his office and home in another part of the city.

Surrounded by everything which brings happiness to the heart of a child, the little girl's thoughts often wandered to poor daddy, who was all alone.

One day she surprised her grandmother with the startling remark: "Grandma, I wish daddy was a policeman."

"Yes, grandma," persisted the child, "but if daddy was a policeman he wouldn't be so lonesome."—Indianapolis News.

It's Foolish to Suffer

You may be brave enough to stand backache, or headache, or dizziness. But if, in addition, urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of kidney trouble before you know it. But if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well.
