Devoted to the upbuilding of Farmington, and Oakland County

Seven states will vote upon prohibition the 7th of next month.

The "silent" vote of November 7th will be a "big noise" notwithstanding.

It does seem as though some of those mail order folks carry their enthusiasm almost too far. A good farmer's wife living on a route recently sent to Chicago for a mop stick, listed in the catalogue at ten cents. The postage was eight cents; the money order three cents; the stamp on the letter ordering the stick two cents; total twenty-three cents. And there are at least three or four places in Farmington where she could have bought as good a mop stick for a dime. But when have you ever noticed one of these stockeers advertise mopsticks in such a manner as to convince a customer that he was getting full value for his dime. Isn't there the answer to the whole problem?

An Efficient Judge.

Hon. Kleber P. Rockwell is a candidate to succeed himself as Judge of Probate at the November election. Judge Rockwell has certainly made a fine record during his tenure of the office, having received marked recognition from the state association of Probate judges, and has served as president of that important organization. Giving his personal attention to the work of the office, no decision out of the many thousands pressed upon him have ever been overturned by the higher court. A splendid lawyer and painstaking in all his work, he is an ideal officer and should receive the cordial support of the voters of the county at the coming election—Rochester Era.

AUCTION SALES

The Success of the Sale Depends Largely Upon the Advertising

Just at this season when many are thinking and planning on holding an auction sale of their personal property, it is well to remember that the financial success of their sale depends largely upon how well it is advertised.

When having a sale, in order to get the bidders, a liberal amount of publicity is necessary and this can be had for a very small sum by placing your ad in the Enterprise. Scores of satisfied people have used this paper in advertising their auction sales and in every instance the results have far exceeded their expectations. The reason is plain—The Enterprise circulates in the homes in this section and the circulation is of the best kind, for the reason that the paper goes into the homes of the people who have the money to pay for what they buy.

Remember when auction bills are wanted The Enterprise will print them promptly, and at right prices. Our bills are also printed on heavy bristle in a neat and attractive manner.

Little Angeline Sowles, 9 year old daughter of Mr. and Mrs. Charles Sowles, of Northville, was seriously injured by being struck by a Plymouth car a week ago Sunday. Both of her parents being away at the time. She started to run across the street failing to notice the approach of the car. Her right leg was broken and her body covered with bruises.

Does Prohibition Prohibit?

Prohibition does Not Prohibit.

Prohibition substitutes the blind pig, the pocket-peddler, the saloon, the jug train, the express blind tiger, all illegal, living by illegal means, existing by law violation by their patrons, for the licensed saloon. Prohibition cannot relieve the people they seek to abolish.

Alabama bears witness to the fallacy of prohibition.

Alabama's Testimony:

(From the National Monthly, July.)

"Alabama's prohibition law has been flagrantly violated in the rural communities since it became operative two years ago. Men known as prohibitionists, are financially concerned in this wholesale violation of law. State representatives who voted for passage of prohibition are parties to a conspiracy to make money out of the law. All this has been an open secret for a long time. But no one was prepared for the revelation that millions are invested in this lawless enterprise.

"There is no longer any doubt as to the facts.

"Prohibition members of the legislature, municipal and county officials have been caught and are helplessly entangled in the net spread by the attorney general. Liquor in astonishingly large quantities is known to be secreted in small towns throughout the state. It is served to the people by bootleggers and blind pig operators at \$1.50 a quart. Cost per gallon to the combine is \$2.00. This liquor belongs to prohibition legislators, mayors of towns, sheriffs, probate judges and private citizens with capital to invest."

IN GIRARD, ALABAMA, IN JUNE, \$1,590,000.00 WORTH OF CONTRABAND LIQUORS WERE FOUND. GIRARD HAS 5,000 POPULATION. STATE TROOPS WERE CALLED OUT TO GUARD THE LIQUOR. THEY WERE ON DUTY SIX WEEKS.

Illicit stills and "moonshining" are prevalent all over Alabama.

The law says manufacture, and sale of liquor in Alabama is unlawful.

Liquor is being made and sold illegally all over the state. State officials themselves are at the head of this illegitimate industry.

Alabama residents did not want prohibition. It was thrust on them by legislative enactment. By legislators with axes to grind. Emen in high office, sworn to observe and enforce laws, who voted for it, that they might illegally make money in dealing with a commodity they themselves had declared contraband.

Had Home Rule obtained in Alabama such graft, such demoralization, such out-lawry would not now exist.

Similarly, conditions with state-wide prohibition will exist in Michigan.

Don't Alabama-ize Michigan.

Vote for the Home Rule system that permits each city, village and township to decide its liquor problem for itself. Settle the liquor question by adopting Home Rule.

Don't increase evils by adopting state-wide prohibition.

Vote "YES" for HOME RULE—TRUE RULE and "NO" against state-wide prohibition November 7th.
