Here's Speedy Relief from Kidney Troubles

"Today's Kidney Pills have done me a heap of good." A. J. Bartlett, Brockton, Mass.

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder trouble. This ache across your back grows worse with every move you make, and with every step you take. It not only robs you of all your strength and energy, but it affects the other important organs of the body as well. Nervousness, headache, disordered stomach, liver trouble, bad eyesight, are only some of the conditions that follow kidney trouble.

Kidney Pills help the sick weak kidneys to regain their normal healthy state and activity. When they are again able to do their work effectively, the system is no longer choked and blocked with poisonous waste matter. The pain, the nervousness, the headache, the disordered stomach, the liver trouble, the bad eyesight, are all gone. Today's Kidney Pills can do you also a heap of good.
