"In these days of clever criminals. Oakland county should have the best possible man available for sheriff. Mr. Green would be no experiment. He is a shrewd detective and has invariably met with success in outwitting many classes of law violators, not only in recent years but as far back as we have knowledge of him as an officer. His very efficient services as Under Sheriff during the past four years is sufficient veience of his fitness for the Sheriff's office. As a matter of business corouny and efficiency, Oakland could not do better than to elect O. In the majority for him at the coming clection.
