chance to win in  
the Lottery!**

**New prize lineup!  
New \$5,000 prizes!**

We've changed our Lottery prize lineup to help spread the wealth. Every week, our additional "Second Chance" drawings give you a chance to win one of many \$5,000 prizes. The weekly Super Drawing: A new prize lineup! As always, if your ticket has both sets of regular weekly numbers, you're in the Super Drawing of the following week. Based on lottery sales of \$1 million tickets per week, you could win one of the following prizes:

\$200,000 (one prize)  
50,000 (two prizes)  
25,000 (four prizes)  
10,000 (three prizes)  
(Any surplus will be...

returned in extra  
Bonus prizes.)

And remember, having one set of regular numbers still wins you \$25 and maybe a chance to win one of \$1,250,000 in a Million Dollar Drawing.

A new "Second Chance" Drawing every week for \$5,000 prizes!

Every Thursday, immediately after the drawing on the lottery sales of \$1 million tickets per week, you could win one of the following prizes:

\$200,000 (one prize)  
50,000 (two prizes)  
25,000 (four prizes)  
10,000 (three prizes)  
(Any surplus will be...

there will be ten \$5,000 prizes each week. But remember, your ticket must have both sets of "Second Chance" numbers. Having one set does not qualify you for a \$25 prize.

Starting October 2, double your chances to win big!

Tickets are sold October 2 for the drawing of October 11.

1973, are "Second Chance" drawings.

They are held at the same old places at the same old price, \$25. They even look the same. The only difference is, they give you twice as many chances to win big prizes each week! And doesn't that give you twice as many reasons for buying Lottery tickets each week?

**The chance of a lifetime.**

New ticket sales start every Tuesday... new drawing every Thursday
