general manager, said the expansion involves new onstruction totaling almost budges are negle parts manifecturing plant, warehouse and central core area for support facilities. The new division will be located on 700 acres of property. "The new Romulus plant is expected to give us about a 25 per cent increase over current diesel engine volume, at our fully developed Redford location," Knott said, "and we expect to meet said, "and we expect to meet the market demand with a significant reduction in over-

significant reduction in over-time.

"Demand for our diesel en-gines is at an all-time high," be said. "This expansion not only indicates our confidence in the continued growth of the heavy-duty engine mar-ket but also signals our de-termination to provide the fu-ture power requirements of our customers."

Enrollment Up 45 Per Cent

DEARBORN

Fall semester headcount enrollment at the University of Michigan-Dearbon stands at a record 2,338, a 45 per cent increase over last year's fail enrollment.

The registrar's office said a total of \$90 more students registered for classes this fall than in the fall of 1972.

Chancellor Leonard Godall attributes the enrollment growth to several factors, including:

1. A further increase in the freshman program, with a Eastern Michigan University of the coordinator, Disconference Coordinator, Dis DEARBORN
