

Lawyers Urge Impeachment

SOUTHFIELD
Two attorneys practicing in Southfield announce organization of the Michigan Attorneys for the Impeachment of the President.

Announcement was made last week by co-chairmen Stephen S. Green and Joel Simmer of Green and Green, 1731 W. 10 Mile, Southfield.

Monday night, the two presented their aims to attorneys from the American Civil Liberties Union and Americans for Democratic Action in the Oakland County Courthouse, Pontiac.

Green, who started the group with a half-dozen attorneys, says the main goal is to appeal to lawyers for funds and for their signatures on petitions urging impeachment to be sent to congressmen.

"Lawyers, because of the nature of their profession, cannot stand idly by as criminal actions are possibly being perpetrated upon the citizenry by the executive branch of its government," Green explains.

Simmer adds that it is very important to let Washington, D.C. know how attorneys in Michigan feel.

Both said they hope persons get the message that attorneys are taking a stand and are at the forefront of proceedings to investigate

and remedy those possible criminal acts.

"President Nixon has, since the Watergate investigations began, been instrumental in the obstruction of justice," says Green.

"The turning over of the Watergate tapes to Judge Sirica doesn't change this. If the crime of obstruction of justice has occurred, the president by now turning over the tapes cannot exonerate himself. He has consistently tried to hold himself above the law.

"It is now, therefore, necessary that the House of Representatives draw up articles of impeachment and present them to the Senate so a truly effective investigation can occur, which would include questioning of the President under oath."

"This has become even more necessary now that

there isn't any longer an independent prosecutor investigating the case.

"The cloud of suspicion and innuendo which now hangs over the country must be cleared so confidence in government can be restored."

The two committee founders urge attorneys to contact them to sign petitions and donate funds to advertise the group's cause.

Reserve Unit Is Hiring

PONTIAC
An open house is being held Sunday, Nov. 4, at field artillery headquarters base in Pontiac for young men interested in joining the Army Reserve unit.

The 4th Battalion, 20th Field Artillery, trains at 2650 Watkins Lake Road, Pontiac. The unit has openings in administration, automotive and truck repair, artillery gunner, and ammunition supply specialists.

OCC Student Registration By Mail Set

Mail registration for the winter session on the Orchard Ridge campus of Oakland Community College in Farmington Hills will be held Nov. 5 to 16.

Students who are currently enrolled receive post cards in the mail which they can exchange for a packet of mail registration materials at the counseling center. Those who don't receive post cards by Nov. 2 should contact the counseling office in "M" building.

"This is an opportunity for new students to avoid the long lines, get first choice on their classes and register without having to pay right away," admissions counselor Larry Golden said.

All students, whether full or part-time or extension students, can participate. They will be billed for tuition at a later date.

ROCHESTER
Oakland University reports more than 9,600 students have registered for classes this fall, a 17.5 per cent increase from a year ago. More than a quarter of the enrollment is at the graduate level.

"We have been convinced that Oakland will continue to grow despite the general recession in higher education," said OU President Donald D. O'Dowd in releasing the fall enrollment data.

The graduate component of the university, launched in 1965, has been a steadily increasing percentage of the university enterprise. The 2,573 graduates registered this fall reflects a growth of 700 from last fall.

Four new masters programs management, history, early childhood education, and guidance and counseling - were added to the graduate offerings this year.
