Oriental Touches Blend East/West

Our honorable ancestors have been bringing the treasures of the East back to the Western World ever since the 1600s, so whatever style you've surrounded yourself with -- antique, eclectic or ultramodern -- Chinese will be with-it and you won't have to make many changes to reorient your rooms.

Underfoot you might put a carpet trimmed with the lovely look of bamboo and rimmed by the real wood of the floor, particularly if it's parquet.

Your walls will grow more Oriental when covered with grass cloth and hung with delicate, elegant Eastern art. A large earthen pot full of feathery ferns will put new

life into a forgotten corner, and force the fine flowing lines of cane backed French furniture into its full fruition as a blend of east and west.

Then, gather it all up into a bouquet of beauty with a chest.

The exquisite oriental birds, butterflies and blossoming branches surrounded by stylized flowers and geometric figures on this chiniserie are all hand carved and hand painted, exactly like the ones

created by ancient Chinese craftsmen of the past.

The chest is part of Thomasville's "From the Four Corners" collection of imports. Each 24 x 12 x 36 inch piece is a work of art.

A focal point any place, the cabinet makes a marvelous introduction in a foyer or front hall.

To top it off bring out the brass fittings and feet of the cabinet, the nailheads on the chair with an antique, etched brass ginger jar, lightly

changed into a little lamp with a prettily pleated shade.

As these small steps should show, you don't need all the wisdom of the Emperor or all the wealth of the Emperor to have your honorable home shine in Oriental splendor.

ORIENTAL CHEST is handpainted with oriental birds, butterflies and blossoms. The chiniseries are like those created by ancient craftsman.

Domes Popular

Geodesic domes, invented by R. Buckminster Fuller, are slowly gaining favor in homes. Eight or more U.S. firms offer models ranging from 26 to 59 feet in diameter, at costs from \$8,000 to \$30,000. All use wood framing.
