Big Brothers And Sisters Reorganization

The Big Brothers program, now in operation in Wayne and Oakland counties, will be expanded into Macomb County. The reorganization required a year of planning by the Big Brothers agencies, Pontiac Area United and United Community Services, Metropolitan Detroit (UCS) to implement this new structure recommended by an independent consulting team. The report of the consultants' five-month UCS-commissioned study of the four agencies concluded that a greater number of fatherless children could benefit from a better quality Big Brothers and Big Sisters service if administrative and recruitment-oriented operations were conducted on an area-wide basis, instead of separately by each Big Brothers agency. This would occur, the report said, because this structure "can usually deploy a larger percentage of its resources into direct service (matching the adult with the child)" by administering on an area-wide basis "those supported services which make the direct service more effective."

Buy Bus For Mentally Ill
The new 32 passenger bus for the youngsters at Fairlawn Center, Clinton Valley Center (formerly Pontiac State Hospital) has arrived. The bus will be used for field trips, camp and enabling the teenagers to go for job-training. Funds were raised by the Foundation for Mentally Ill Children with a matching grant from the Mathilda Wilson Fund. Mrs. Wilson, who died in 1967, was the creator of Oakland University, founded in 1957. The bulk of the residue of her estate is in the Mathilda Wilson Fund. For 15 years the Foundation for Mentally Ill Children has raised funds to help the children at Fairlawn. This is done mainly from the sale of Christmas cards and donations from interested citizens.
