

THERE WERE four generations present when Mrs. Marie B. Kelley (back row, center) of Farmington celebrated her 90th birthday Dec. 1. With her in the back row at the left are her granddaughter and grandson-in-law, Mr. and Mrs. Robert Near of Novi, and at the right

her son and daughter-in-law, Mr. and Mrs. Addison B. Kelley of Farmington and Hillsboro Beach, Fla. Four great-grandchildren in front are Robert Patrick (left), Shannon, Coleen and Kelly. The family party was held in the Detroit Yacht Club.

## Non-smokers' week coming

DETROIT (Non-Smokers have rights too!)

That's the theme of the 1974 National Education Week on Smoking, Jan. 11-17,

put on by the Wayne County Council on Smoking and Health as it launches a petition drive in behalf of non-smokers and promotes its new "Smoking Phone" information center.

Opening date of the campaign marks the 10th anniversary of the U.S. Surgeon General's report which linked cigarette smoking with major health problems such as cancer, heart and lung diseases.

The 1974 campaign will emphasize the rights of non-smokers to breathe clean air. It will attempt to influence smokers to show greater consideration for non-smokers by restricting their habit in public places.

The Wayne County Council on Smoking and Health - 18 local health and youth organizations interested in health care - sponsors the metropolitan Detroit activities of National Education Week on Smoking.

A petition drive will be conducted at four shopping centers beginning Saturday, Jan. 12, said Dr. Arthur Weaver, a local physician and president of the smoking council. A three-point "Non-Smokers' Bill of Rights" has been prepared to focus attention on the health hazards and social injustice posed by smokers for non-smokers.

"Non-smokers can protect the health, comfort and safety of everyone," the document states, by insisting to (1) the right to breathe clean air, free from harmful and irritating tobacco smoke; (2) the right to express their discomfort and to object when smokers light up without asking permission; and (3) the right to act through legislative channels or social pressures to restrict smoking in public places.

Anyone interested in supporting the statement may sign a petition from 2-5 p.m., Jan. 12 at the Macomb Mall, Jan. 15 at Northland, Jan. 16 at Tel-12 Mall and Jan. 17 at Westland.

The "Smoking Phone" information center in Detroit has been established by the council to provide:

- Dates and locations of smoking withdrawal clinics;
- Audio - visual and printed materials related to smoking;
- Resource materials for

students and others interested in smoking education;

• Smoking - related services and programs provided by all local health-care agencies.

"A specific objective of the 'Smoking Phone' is to provide information about restaurants, theaters, hospitals and many other public places that provide non-smoking facilities and to encourage the spread of this policy," Dr. Weaver said.

"This special effort to identify public places which recognize non-smokers' rights is a significant trend in the fight against smoking," he said.

Any interested individual can participate by notifying the "Smoking Phone" of establishments that have eliminated smoking or provided separate "non-smokers" facilities. The information center will advise callers about these establishments.

The number is 831-5263. Address is Anti-Smoking, Box 551, 100 Mack Avenue, Detroit.

A "Please Don't Smoke" emblem, based on an internationally used symbol of a crossed-out cigarette within a red circle, will be popularized throughout the campaign. It will be the subject of posters, table tents and other display materials distributed by the local council.

"The harmful effects of smoke breathed in by non-smokers who are frequently captives in closed quarters with smokers will be pointed up as part of our campaign," said Dr. Weaver.

"A recent report by the Surgeon General has stated that tobacco smoke can result in various allergic symptoms and serious discomfort among those who are exposed to a polluted atmosphere caused by smokers. It can be particularly harmful to those already suffering from lung or heart ailments."

## Conservation is DAR topic

Douglas Day, a biology teacher at Novi High School, will discuss conservation at the Jan. 12 meeting of Daughters of the American Revolution, John Sackett Chapter.

The meeting is set for noon in the home of Mrs. Joseph Ditzhay, 37990 Trail, Northville.

Day will speak on "Experience of a Week at Higgins Lake Conservation Camp." He was awarded a tuition scholarship at the camp last summer by the John Sackett Chapter.

Mrs. Bernard Green of St. Clair Shores, chapter regent, will preside at the business meeting.
