Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotio" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stuper, coma, convulsions and death." The taste and smell of medicines containing optim are disguised, and sold under the names of "Dryps," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTIOS, if it bears the signature of Chas. H. Fletcher.

Co., Texas. Forty have been cleared and planted to orange, lemon, grape fruit, fig. olive, pecan, almond trees, etc., and if they 'do as well as he expects' he will build a home and spend a portion of his winters there. Mr. Bryan has long contemplated improving a place in the South, and it is not surprising the state of the section should be ing that his selection should be made in the heart of the Gulf Coast Country, whose climate, is almost ideal and whose soil is so wonderfully productive.

(169) William Volz, from ten acres in the same neighborhood, shipped 5,000 crates of Bermuda Onions from 10 acres at an average price—after all expenses paid—of \$1.00 per crate; \$500 an acre. Think of it!
