

Starting today you can get cash any time of the day or night, any day of the year.

It's 11 p.m. Tuesday night. You've a craving for pizza with everything on it. But you're out of cash.
Or it's 5 a.m. Saturday morning. And you need a few last-minute things for a fishing trip. And you left your money home.

Or it's Sunday. The neighbors decided to have an impromptu get-together at your place. And you get caught short of cash.

There just aren't too many places you can go to get from \$25.00 to \$100.00 in extra cash at odd hours.

Now you won't ever have to go without cash, even if you're without cash.

Cash in just 30 seconds.

That's how long it takes to insert a card, push a few buttons, and withdraw \$25.00 or \$50.00 in cash. Once or twice in any 24-hour period.
