

Some \$110 suits are expensive. And some suits are worth \$110.

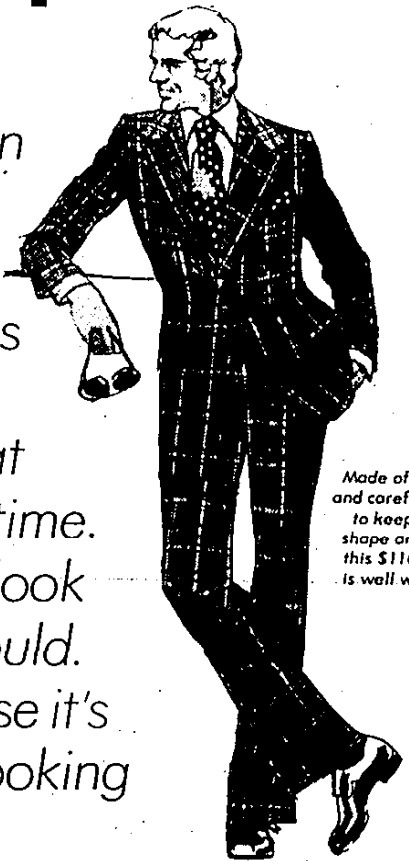

An expensive \$110 suit is one you'll soon have to replace. At your expense. Because its "in" style may not stay "in" for as long as you'd like. Or its fabric may not wear as smartly as you'd like.

A \$110 suit that's worth \$110 is one that won't have to be replaced for quite some time.

It has contemporary styling so it won't look like last year's fashion a year before it should. It's made of fine fabrics so it won't soon lose its shape. And it's carefully tailored to keep looking the way it should look.

Right now at Redwood & Ross, you'll find large collections of \$110 suits, \$85 suits and \$180 suits that are worth their prices. Far from being expensive, you can purchase them with the confidence that you're getting your money's worth. They'll all look just as contemporary and fit just as comfortably next year as this year.
