

HFC enrollment tickets due May 1

Enrollment tickets for the summer session at Henry Ford Community College will be available to the public daily starting Wednesday, May 1.

Purchase of the \$5 enrollment ticket provides summer session students with a definite appointment time in which to complete registration June 12-13.

Wallace B. Smith, dean of student personnel services, said that the sooner persons purchase enrollment tickets the earlier they will be assigned a registration appointment, giving them a better chance to get the classes they want at a time they want.

Although enrollment tickets won't be available to the public until Wednesday, they now are available to currently enrolled HFC students who plan to attend the summer session. As of last week, the number who had purchased enrollment tickets was up 13.4 per cent over the same week a year ago.

The summer session, which provides regular college credit in all courses, starts June 17 and ends Aug. 9. The summer session is shorter than the fall or spring semesters but provides the same class time as a regular semester. Most classes meet four times weekly, usually from Monday through Thursday.

Tuition for the summer session is the same as during the regular semester. Residents of the Dearborn School District pay \$10 per credit hour, other Michigan residents pay \$15 per hour. Out-of-state residents pay \$25 per hour. Most classes carry three hours of college credit, meaning the average course costs \$30 for a Dearborn School District resident.

Almost 200 classes are scheduled

during the summer session, 51 of them in the evenings.

Courses are scheduled in 31 areas, including: accounting, art, astronomy, automotive, biology, business administration, chemistry, computer science, criminal justice, economics, electronics, English, French, geography, German, health and physical education, history, hospitality education, journalism, mathematics, music, natural science, philosophy, physics, political science, psychology, public law, secretarial, sociology, Spanish and speech.

Enrollment tickets are available in the administration building, 5101 Evergreen at Ford, from 8 a.m. to 8:30 p.m. Mondays through Thursdays, until 4:30 p.m. on Fridays, and from 8 a.m. to 1:30 p.m. on Saturdays.

Admission is open to anyone at least 18 who can profit from instruction. A limited number of high school juniors and seniors may be admitted with permission of their high school principals and college admissions officer A. E. Foster.

Dr. Pierce announces 2nd District candidacy

Dr. Edward C. Pierce, founder of the Summit Medical Center in Ann Arbor, has announced his candidacy for Congress in the 2nd District Democratic primary.

Pierce, who once served on the Ann Arbor council and ran for mayor, joins a field of Democrats seeking to run against incumbent Marvin Eskin in the district which includes Livonia and Plymouth.

"As a doctor, most of whose patients are working people," says Pierce, "I have the satisfaction of helping thousands of families who have been shortchanged by society."

"But I have begun to realize that prescribing medicine isn't enough; that these people suffer from the deep seated social ills of militarism, racism, sexism and an outworn economic philosophy that promotes grossly unfair distribution of income, tolerates unemployment and inflation, and shows more concern for oil millionaires than for working people. That realization prompted me to run for Congress."

Major problems facing this country, Pierce says, are: a foreign policy that assumes the U.S. is the world's policeman; millionaires flourishing behind tax shelters while the poor lack the essentials; a president who cannot lead the citizenry because he lacks its confidence and respect, and, racial antagonism.

DON F. ZULLO of 27740 Gateway, Farmington Hills, has been promoted to vice president by Four Roses Distillers Co. of New York City. Zullo, who joined the firm in 1959, will continue to serve as western states division manager. Four Roses markets whiskey, scotch, vodka, gin and bourbon.

Schools given in - service aid

Wayne County Intermediate School District will expand in - service programs available to local school districts, including five in this area.

The programs, a cooperative effort with Wayne State University, is under the leadership of Mrs. Phyllis Smith, career education consultant.

Expansion of the program was discussed at a meeting recently attended by representatives from these districts: Livonia, Garden City, Plymouth, Redford Union, and Wayne.

At that meeting, attended by 15 other districts, discussion centered on involvement of WSU's professors representing cross disciplines within the college of education. Leading the talk was Dr. Stephen Hillman.
