

This spring, Homelite is picking up the tab for picking up the grass.

If you buy a Homelite riding mower any time between now and May 25, we'll give you a \$74.95, five-bushel capacity grass catcher, free.

What's the catch? There isn't any. You can choose from the Homelite 5, 7 and 8-horsepower models which are attractive enough in themselves.

They all have anti-scalp mower decks that conform to the surface of your lawn for more uniform cutting.

The REAR lets you shift from forward to reverse without a clutch pedal. So the back wheels don't spin out and neither does the grass under them.

Electric starting is available. And
