How to buy a lawn mower.

1. Make sure the grass bag is mounted between the handles, so it trims close on both sides. You can mow anywhere, with no hang up.
2. Check to see if it has a larger capacity grass bag that needs emptying less often.

1. Make sure it has vacuum action. To clean your lawn as it mows.

4. Look for a tough, 4-speed transmission. For extra power and easy handling.

3. Check to see that the bag is mounted behind the mower for easy maneuverability in tight spots.

4. Make sure it can double as a small garden tractor. For weeding, hauling, fertilizing and light dozing.

5. Now, if it has everything mentioned so far, buy it. It's a Snapper.

3. Ask if it has vacuum action. A powerful suction that cleans your lawn as you mow.
