

An old stand of trees can cool a house in summer

## Spring planting good for trees

Branches of the pine.*

Although trees may be planted at almost any time of year, many homeowners prefer to wait until spring when they can combine tree-planting with other outdoor projects.

There are several advantages to spring planting. First, rainfall, greatly contributing to root

growth, is more abundant in spring than in fall. Also, in the more northerly regions, where soil freezes early and deep, spring planting is perhaps the safest.

Some trees with fleshy root systems, such as dogwood, magnolia, yellowwood and tulip, are more
