

Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone weak or strong, though the price is only 60 cents or 41¢ bottle, as it comes in both sizes, and all druggists sell it. Its pleasant taste and action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Bradshaw of St. Paul, Minn., Mrs. L. C. Stout of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal., as Mrs. J. S. Blackmore, of that place, writes, the whole town seems to be using it.

If the remedy is new to you and you want to make a trial of it before you send your name to the doctor's address as below and a free test bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

If there is anything about your ailment that you do not understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 400 Caldwell bldg., Montello, Ill.

The purpose of store advertising is not merely to sell goods, but to sell more goods—to make friends, build up a patronage that will not only stick but grow. Newspapers reach the greatest number of people in the immediate vicinity in the most natural way, at least expense, and they are therefore the best of all mediums for stores. In a newspaper you follow the line of least resistance—you follow with the stream you talk to an audience already assembled, to the people who want to read their mental cosmos is right they are on your wire and they won't ring off if you hold their interest. Attraction is the basis of all advertising—the store is the sun, the customers the planets that revolve around it.

Cook & Co. can give you some bargains in Groceries.
