Heeney-Sundquist FUNERAL HOME

Dear friends,
We recently listened to an address in which the speaker said success depends upon one's usefulness. In other words, we are useful or we fail in proportion to our usefulness to the people we serve.

We have always believed in that idea. Every improvement we have made, each new service has been added with a view to increasing our usefulness to our patrons.

Respectfully,

Walter Sundquist

What happens
when you're offered \$20,000
for your \$27,000

pile of ashes?

You take it if you haven't increased your home insurance to keep pace with inflation.

This is the kind of problem you could face if you bought and insured your home for \$20,000 in 1950. Since then, if your home is insured for its full value, it'll cost you about a low-cost State Farm Homeowners Policy that will insure your home for all it's worth... and keep it that way with automatic inflation coverage.
