WE KNOW WHAT A PAPA GOLDFISH IS WORTH.

What happens when somebody says, "We put in that little pond by the apple tree 6 years ago. And the papa goldfish is 8 inches long now?" That ought to be worth something. We think it is. And so we take the pond and the afternoon sun and spring blossoms into consideration. If they're worth something to the owners, they'll be worth something to the people we'll find to live in their home. And everyone will be pleased.
