

# Extra-Loan is the difference between a swimming pool and a hole in the ground.

Up to now, when you borrowed money for a swimming pool, all you got for your money was a big hole in the yard.

Because, until now, home improvement loans were limited to the construction costs of the improvement itself.

Yet we both know there's more to a swimming pool than the pool itself.

That's why we developed Extra-Loan—a single loan that gives you the money for your pool plus decking, landscaping, fencing, furniture and other extras you need to get full enjoyment out of your good investment.

And getting everything all at once is a particularly good investment this year, when you're

probably planning to spend a lot more time right in your own backyard.

You can get an Extra-Loan with monthly payments to suit your budget at any of the more than 100 offices of National Bank of Detroit.

The bank that's making banking better for you. With the big new improvement in home improvement loans.

**Making banking better for you.**
