Invest in Timber

A VISIBLE INOREASING SECURITY

20% Earnings

THE MICHICAN PACIFIC LUMBER COMPANY

Commenced operations April 1st, and reports are received from the Camp regularly.

Logs are now being delivered to the mills at the rate of 150,000 feet daily at a profit of \$6.00 per thousand feet; \$500 per day, or \$500,000 per year. These are facts, not estimates. The Company will market 300,000 feet daily next year—figure for yourself what the profits will be. At this rate it would take twenty-five years to cut the timber.

It was are instance.

If you are interested in learning how money is made from operation in Timber, write us for copies of the reports as they come from Camp.

50 square miles—
2,880,000,000 feet of Timber—
On tide water—30 miles from market—
Value today as standing Timber \$2,000,000.

Sond issue represents but 10 1-2 ots. per thousand.
Capitalization less than actual value.

Option of this in the standard of t

We have purchased \$500,000 of the first mortgage 6% bonds on this property, together with a large block of the capital stock and are now offering same to our clients, and the Michigan public generally. We bought these bonds and stock last fall when logs were selling at \$8.50 per thousand feet. They are now worth \$11.50 and will sell much higher. To purchasers of bonds we extend the privilege of buying a like amount of stock. As often as \$50,000 of the bonds are sold, the price of the stock will be advanced until it is selling somewhere near its value. It is listed on the local Detroit Exchange where a ready market is obtainable. Warch the daily papers for quotations and
