The Concord Collection...
as revolutionary as the battle of
the same name...featuring many
fabrics of Herculon® fiber

It's pre-coordinated. A whole custom-upholstered collection that makes decorating easier...because a team of professional decorators have put their talents together to assemble whole families of fabrics, coordinated to make beautiful harmony. We show only a sampling of our styles. Choose from 14 chairs...10 sofas...in styles ranging from country to Early American to formal traditional. And the fabrics go from plush velvets to sturdy tweeds—many are of Herculon® olefin fiber, which gives you built-in stain release and lasting good looks. Come see this collection—now at prices our thrifty ancestors would have loved.
