Come home to Queen Anne. Enjoy stately dining at princely savings.

The formal dining room of your fondest fantasies is now affordable. Crafted of solid cherry and cherry veneers... each piece echoes the gracious designs of America's past. The tabletop shines with a warm, reassuring patina, resisting heat and spilled champagne, reflecting candlelight and laughter. There's a real joy of living in the curves of the fiddleback chairs, the turn of the teawagon wheels, the sparkle of crown glass in the china buffet. The gracious Queen Anne table opens and extends a dinner invitation to eight. Make it black tie with all the trimmings on the money you'll save.

MFRS. SUGGESTED RETAIL PRICES

Come home to the friendliness of colonial America.

Two hundred years ago, our forefathers set forth upon this nation some memorable pine designs. Their Pennsylvania House counterparts, in stalwart solid pine and pine veneers (dark antiqued Windsor or the new light Alpine finish) are now available for nostalgia seekers with saving ways. America's past lives again in the turned-leg extension table, the comfortable sculptured Duxbury chairs, the deeply paneled buffet.
