TOM BERT, Photographer — One-Man Show

September 16-28

A One-Man show and sale of the outstanding work by one of the country's foremost photographers.

Pat Blanchard — our statuesque, blue-eyed brunette began her modeling career in high school. She has continued her career in Fashion and Photographic work on a part-time basis since her marriage to Charles Blanchard. The mother of two small sons, Pat considers herself a typical suburban homemaker. She is an avid gardener, both flowers and vegetables, makes her own draperies, upholsters furniture and relaxes with needlepoint. Outgoing and personable, Pat has learned to adapt easily to new lifestyles necessitated by her husband's obtaining his degree, a tour of duty in the Navy, and career advancements. She loves Michigan and hopes they can remain here.

Brigitte Launce — our German born, flax-haired beauty, has been a professional model since arriving in America ten years ago. Her infectious smile and warm personality put her in great demand on the local Fashion scene. Brigitte is kept busy with her Fashion Modeling, Photographic and Motion Picture assignments. She loves camping, swimming, is an avid tennis buff . . . and has driven race cars. At home, Brigitte is a gourmet cook and does her own home decorating. Being married to a local celebrity in the entertainment world, the Launce's are at the top of the social list for appearances at charitable affairs, to which they generously give of their time.
