

Cures Dyspepsia; Trial Is Free

It is a popular mistake that only wealthy people who eat rich and highly-spiced foods suffer from dyspepsia, or, as it is also known, indigestion. The laborer in the field or the worker in the field also finds himself a victim of this disorder. Among the very greatest sufferers from it are women.

Dyspepsia is indicated by a constant feeling of fullness, a constant feeling of tiredness, a constant feeling of sleep, by sour stomach and distended after eating, by bad complexion and listless eyes.

There is no surer and speedier cure for this trouble than Dr. Caldwell's Syrup Pepsin, which dyspepsia have been using successfully for twenty years. This great herb laxative compound cures flat, dark, of Buffalo, N. Y. of dyspepsia, and stomach that he had had for forty years, or until the lucky day that he heard of Dr. Caldwell's Syrup Pepsin. It cured Joel Adams, of Montgomery, Ala., after suffering continuously for sixteen months. These are only a few of the many. But it is not expensive to be cured with this grand remedy, as it can be bought at any drug store for a few cents.

Your very neighbors are probably living users of Dr. Caldwell's Syrup Pepsin, but if you want to know without expense what it will do for you personally, send your name to Dr. Caldwell and he will be glad to send you a free trial bottle. He is actually anxious to have you make test of his remedy.

Thousands of families everywhere keep it in the house against such an emergency as constipation, sour stomach, indigestion, dyspepsia, flatulence, heartburn, torpid liver, etc., which may come upon a member of the family any day. It is pleasant to the taste, acts gently and does not gripe. It is the great children's laxative.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service.

The address is Dr. W. B. Caldwell, 500 Caldwell Bldg., Monticello, Ill.

There was a big crowd here last Monday and the day passed with no serious accidents. There was a good ball game in the afternoon between the E. M. F.'s of Detroit and Northville's big team, the latter winning by a score of 2 to 2. There were also some good races. An alarm of fire was turned in about ten o'clock Monday night, and made a run to the Baptist church sheds, but the fire was out when they got there.

Mrs. Robert Thomas, formerly of this place, now the landlady at the hotel at Novi, was badly burned Monday by the explosion of her gasoline stove. She carried the blazing stove out of doors and her clothing caught fire. But for the timely assistance of men who heard her screams, ran to her assistance and put out the fire, she would have been burned to death. As it was her hands and one side are badly burned. It will be some time before she will be able to use her hands again. By burning herself she saved the buildings.

Sanitation of the State Fair Grounds.

The State Fair officials are taking every precaution to protect the exhibitors of live stock at the 1909 meeting which opens Sept. 2. They have made arrangements for the complete sanitation of the live stock and, in fact, the entire show buildings and grounds during the Fair.

Before any animals are brought into their quarters, all stables, barns, etc., will be thoroughly cleaned of any refuse that may have accumulated there, and they will be thoroughly and completely disinfected so as to prevent any possibility of disease being acquired from the condition of the grounds before the live stock arrives.

During the entire time of the Fair a constant attendance of a corps of expert assistants will be continuously disinfecting all the live stock and buildings, so that it will prevent any possible outbreak of contagious diseases while on the grounds.

Arrangements will be made for parties who wish to have their stock sprayed before entering the grounds, and the fact that Messrs. Parke, Davis & Company will have this matter in charge, and will use the disinfectant Kresco for the purpose, is sufficient to know that it will be done properly and effectively.

This firm has taken care of over 200 large exhibitions of this description, and by using Kresco have prevented any outbreak of disease; this is certainly a safeguard against any such troubles that otherwise might arise.

FASTEST HORSE IN THE WORLD.

Dan Patch Will Race Minor Heir to Beat the World's Record.

Horse lovers and all followers of the racing game will be given an unusual treat at the Michigan State Fair Sept. 3-10 when they see Dan Patch (1:15) and Minor Heir (1:55 1/2) fight it out for the world's championship honors.

M. W. Savage, who for several years has been the owner of Dan Patch, recently purchased Minor Heir for \$45,000 and has consented to let these two world's fastest harness horses appear in a series of races.

True to his first love, Mr. Savage insists that as long as Dan Patch stays right, he will be able to defend the championship against all comers, even against the best son of Halcat-Law.

Mr. Savage has given orders that both horses be trained to the minute and that when they get their race exhibitions each shall be driven to his limit so that the result will be a honest test of speed, gameness and stamina.

There are some horsemen who believe that Minor Heir will develop as great, if not greater, speed than Dan Patch. He was a green pacer last year, and as such gave some of the most wonderful performances on record. He has a terrific flight of speed, and if under the scientific care of Harry Hersey, he can be fitted so as to hold his tick for a mile, he will give Dan Patch all he can do.

From present indications it is evident that the Michigan State Fair never had so popular a drawing card as the scheduled race between these two world's champions.

Thousands of people will go to Detroit for the opportunity merely to see these two champion horses go in one of the greatest races in the history of the world.

While discussing the two horses a short time ago Mr. Henry C. Harsey, superintendent of Mr. Savage's farm, and famous as the breeder and driver of Dan Patch, had the following to say:

"I am now working Dan and Minor Heir twice a week, Tuesdays and Fridays. I am repeating them now giving each the last mile around 2:35. I will continue in this way until I begin working each horse four beats on Tuesdays and Fridays. On Mondays, Wednesdays and Thursdays and Saturdays the horses are being worked about four or five miles, and I will continue this after the more severe work is in progress."

"My plan is gradually to work them up to faster miles and to keep them as big and strong as possible. Dan Patch now weighs 1,100 and will work down to about 1,075 pounds, when he is fit for great miles. His rival now tips the scales at 1,020 pounds and will weigh in close to 1,000 pounds when he is ready."

"I want to keep them both as big as I can and still have them hard and not fat inside. I am slowly working off the surplus fat, changing it into muscle."

"At present, I am giving Minor Heir a little more jogging and a little suffer work than the champion. He needs to develop more staying qualities. The physical condition of each horse seems perfect. They have plenty of lick and are feeling almost too good. Dan never looked better at this time of the year."

MAKES A FINE SHOWING.

Michigan State Fair—One of the Nation's Best.

While the Michigan State Fair is not blessed with the liberal legislative aid that goes to similar institutions, it makes a showing that puts others far in the shade.

Last year the total attendance was \$45,000. At the same time Wisconsin showed only 122,000; New York, 108,000; Kentucky, 102,000; Ohio, 124,478; Nebraska, 112,500; Spokane Interstate, 114,065; Indiana, 145,000.
