Buying Or Selling A Home Is A People Business

The average real estate transaction involves over 30 people. Home sellers and buyers meet only a handful of those who work to assist them in their sale. TO YOU, the MOST IMPORTANT PERSON is the one who coordinates the activities of the others. That's the Sales Associate's job! He determines how smoothly and effectively the sale progresses from the initial marketing to the successful closing.

Over a period of 26 years we've learned a vital lesson. The quality of the service performed is reflected in the quality of the Sales Associate. For this reason, Chamberlain's selection process is designed to find the best qualified people. This, in turn, means you can be sure that, at Chamberlain, our Sales Associates are professionals in every sense of the word.

We are proud to present the staff of our Rochester Office. They are all professionals and they are ready to put the "Chamberlain Way" to work on your real estate needs:
