The animals have it

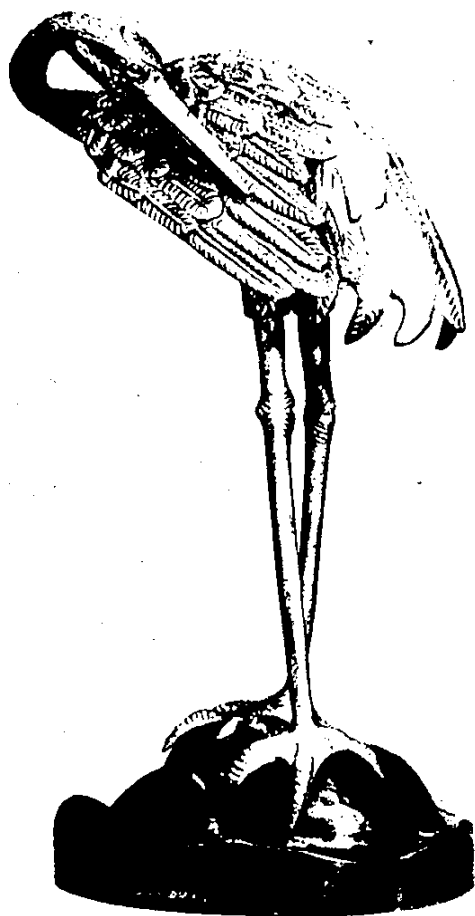

Even if you don't want the responsibilities of pets in your home, you may want these animals, just the same.

You don't have to feed or water them (unless they hold plants) and they won't noisily reject your suggestion to sit quietly.

They're dutiful, too — some hold table tops or are tables themselves. Others hold your books together or light your home.

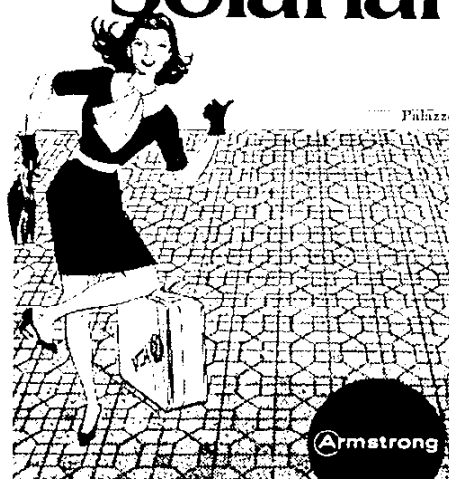

Others sit and just look beautiful in brass, wood or ceramic materials.

Another good point is that these animals will take care of themselves while you travel — no need to call the vet ahead to make hotel reservations for them.

Start something with Sarreid's brass stork.

Take a holiday from floor waxing with **solarian**®

Armstrong

Not only don't you wax Solarian, you'll find it's also much easier to keep clean and bright. Because the exclusive Mirabond TM surface is less porous than other resilient floors, spills, dirt, even black heel marks come up easily. Come in and let us show you how Solarian can free you from the drudgery of taking care of your floor.
