Council ok's moving tree

FARMINGTON—John W. Currie, 22756 Violet, admits he wasn't think-ing much of the future when he plan-ted a mail-order twig in his front yard 22 years ago.

"You just don't think about what it's going to be like when it grows," he said.

he said.

Now the spreading, 20-foot tall Colorado blue spruce overwhelms the land-scaping of his front yard.

"Pretty soon I won't be able to get into the house." he jokes. "It's a beau-tiful tree, though I would hate to cut it down."

CURRIE APPROACHED the Farm-

ington City Council with the idea of transplanting the tree to the front lawn of the civic center.

6 _ 1.

After getting cost estimates, the council approved the planting 3-1, Monday with Councilman Dr. John Richardson dissenting. Estimates from a nursery indicate it will cost approximately \$550 to move the tree after the frost sets in. City Manager Robert Deadman said a guaranteed tree from a nursery would cost in excess of \$800. The tree will share the entrance to city hall with another spruce which has served annually as a civic Christmas tree for many years.

School budget hearing set

SOUTHFIELD—A public hearing will be held at 8 p.m., Oct. 15, in House A Cateleria, Southfield Hind Southfield Southfield

Services were Thursday at the Hebrew Memorial Chapel in Oak Park with burial in Hebrew Memorial Park in Mt. Clemens.

MRS. SHIRLEY FOX, 44, of Oak Park died Oct. 8, 1974, at home. She was born March 1, 1930, in Pennsylva-nia.

Surviving are son Gordon of Southfield, daughter Sheryl of Southfield, one brother and two sisters.

basketball courts, an Olympic-size swimming pool, recreational rooms and rooms for student-related activi-ties and clubs.

ESTIMATED cost of the building is

ESTIMATED cost of the building is 33 million.

The second priority, according to Twiss, are three six-story apartment buildings. The apartments would be built on the south side of Ten Mile Road across from the campus.

Road across from the campus. Each of the three apartment buildings would include 46 living units, both one- and two-bedroom apartments. The apartments would be rentered exclusively to students. Thiss said. Estimated cost of the apartment complex is \$3.7 million. The third priority is a business and management building. The four-floor 100,000-square-foot building would be added to center campus. It is estimated to cost \$4.8 million.

A FOURTH priority, which if built, would be constructed near the end of the 10-year period, would be a 10-story, 90,000 square-foot library-research-administration center. It is projected to cost \$4.5 million.

Twiss cautioned that all figures are based on cost projected for March, 1975.

LIT is presently the second largest private college in Michigan. Current

MRS. LILLIAN NEWBERRY, 83, of Southfield died Sept. 14, 1974, in Beverly Manor Nursing Home in Pontiac. She was born May 29, 1891, in Michigan.

enrollment is 4.200. Because it lacks dormitories. LIT has been basically a commuters college. Twiss said. Also, LIT is known for the high number of students it has who hold down full-time jobs while taking courses. Twiss estimated that more than 90 per cent of the students enrolled at LIT are working full or part time.
