the second largest private college in Michigan. The class of 1974 with 514 graduates was a record for LIT. They attended day or evening college and carned de-grees in five school of artituteture, school of arts and scheme, school of business and industrial management, and the technical institute. The day college operates Moriday through Friday. Evening college clas-ses are held on Monday. Wednesday and Friday nights. Technical institute classes are scheduled only on Tuesday and Thursday revenings Panas v. BEUSTRATION for the

Tuesday and Thursday evenings EARLY REGISTRATION for the next evening college term will begin Jan. 13. Classes begin Jan. 24 for the bachelor degree programs and on Jan. 28 in the associate degree pro-grams of the technical institute In 1974 LAT added a bachelor of sci-ence degree program in bashess ad-ministration. Identical four-year BS programs available in day college are offered in the business admunistration pro-gram. At night these are regularly sched-uled and planned over all vores. 117

(ing the obtained an interaction pro-gramming) there are regularly sched-aled and planned over six years. Lit is one of the few colleges in the U.S which offers this opportunity. Pra-tically all evening college students are employed on full day-time jobs Lit construed to operate in the black in 1974 with no debts other than the long-term financing of the Science Building. Careful management of re-sources and the use of facilities on a day-and-night basis contribute to this
