

Mild Laxative for Baby Free

The child of today is the parent of the future, and whether it grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents, for most children are born into the world healthy, but thousands become future weaklings between birth and the age of ten, when the parents are still in greatest control.

The prime cause of trouble is in the stomach. A baby that is digesting its food seldom cries and always cheerful; the little child whose stomach is good romps and plays and never wearies; the growing child learns well at school and is eager for fun if its food is clear and its stomach light, and that means it has no constipation.

The best and safest way to cure any irregularity of the stomach and bowels in children is by the use of Dr. Caldwell's Syrup Pepsin. This is a liquid laxative in the effect as Mrs. John W. Dunham, Apple Creek, O., Mrs. H. L. Cullen, Plainville, Ind., and numerous others can testify who give it to their children with extraordinary results.

A bottle only costs 50 cents or 75 cents, according to the size you want, and even a 50-cent bottle will do a wonderful amount of good in a family. It can be given to every member of the family in constipation, sour stomach, indigestion, torpid liver, dyspepsia, heartburn, etc. It never gives griping or cramps, like pills. It never gives diarrhea, like pills. It is a mild, safe, and powerful, which should not be given to children, women or old people.

If you have a child or other member of the family who needs help, but has never used this grand laxative, send your name and address to the doctor and a free trial bottle will be sent to your home. In this way you can find out what it will do without personal expense.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write answer to this fully. There is no charge for this service.

The address is Dr. R. M. Johnson, 111 Monticello, Ill.

READ WHAT MR. DEVEREAUX SAYS: Romeo Mich. 7-14-10

Dr. Rhodes cures me, Detroit, Mich.

Gentlemen: When I started treatment with you on the 15th day February last I was nothing more than a living skeleton. I was troubled with Kidney Troubles and Ulcers, caused from blood poison, coming back after fifteen years and I had been doctored with four other doctors for the last five years. The last doctor I took treatment with gave me up to say there was "no help for me" but a friend of mine came to see me one day and urged me to go and see the Dr. Rhodes company. I was then a week that I could hardly walk four blocks to take the car, and I only weighed 125 lbs. After taking two months with you, I gained 20 pounds and now I weigh 145 pounds, the most I ever weighed in my life before and I feel as good as I ever did, and am working every day. I thank you for what you have done for me as you have done just as you claimed you would. If you wish to use this letter as a testimonial, you are welcome to do so, as I wish to see every man cured that is suffering the way I was and from a disease that is counted incurable. Yours Truly, E. J. Devereaux, Romeo, Mich.
