## THIS BOY AND THIS GIRL ARE MISSING

This boy and this girl are missing out on a lot of things they could be having as carriers for the Observer & Eccentric Newspapers. They could be earning such things as money, merchandise prizes and tickets to special events.

But earning pocket money and winning special prizes are just two of the nice things that can happen to carriers. There are bigger advantages. A carrier goes into business for himself. At an early age, he or she learns how to get along with people. They do a bit of bookkeeping. They learn responsibility. They gain additional confidence.

Is your child missing out on these things? If one of your children is 12 years old or more, we suggest you get in touch with us, and hear about our carrier program.

If you're interested, fill out the coupon below and send it to the Circulation Department of our newspaper.
