

# A Constipation Remedy Free

There is no action of your daily life of greater importance than to see that your bowels move. They should move at least once a day naturally, and by that is meant without any help. If they do not move at least once a day you can consider yourself constipated and it is time you did something about it.

You will be glad to know there is a way out of the difficulty. Lemoine's Laxative, an old soldier at Quincy, Ill., Elmer Middleton, of Spout, Mrs. Monahan, of Stowaway, Miss., and many others were as you are now. But one day they awoke to the fact that Dr. Caldwell's Syrup Pepsin was curing their bowels, so they bought it too and it cured them. Today they are loud in praise of it.

What Dr. Caldwell's Syrup Pepsin did for them it should do for you. Surely your constipation is no worse than theirs, one of whom had it since 34. It is a remedy for you to realize that salts are of but temporary use, that purgative tablets, cathartic pills and such violent things make a great deal of doing something, but do nothing that is lasting. Dr. Caldwell's Syrup Pepsin is a scientific preparation, a laxative, a tonic, a mild syrupy liquid that creates favorable conditions for the bowels to move, and it does not only cure the constipation, but tone the intestinal muscles so that they learn again to work well. A bottle can be bought of any druggist for the small price of 25 cents, and there is no danger for families who have already found out its worth. It is in stomachs, liver and bowels, it is in old and young.

Send your name and address to the doctor and a free trial bottle will be sent you so that you can test it before buying.

It is time you were told of a remedy that you don't need to be told of, or if you want any medical advice, write to the doctor and he will answer you fully. There is no charge for this service.

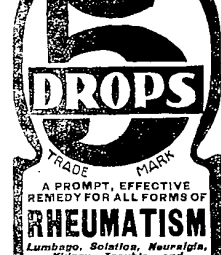

The address is Dr. W. B. Caldwell, 1100 N. Caldwell Bldg., Chicago, Ill.

Roy had risen early and was enjoying a little target practice when Kidd, unseen by Curtis, came within range of the shot, which struck him on the forehead. Help was immediately summoned, but all was of no avail. He passed away in about half an hour after the shot was fired. Curtis and Kidd were the best of friends and the former is almost crazed with grief. George Herbert Kidd was the eldest son of Mr. and Mrs. George Kidd and was born in Northville September 18, 1887. For seven years he had worked in the laundry for Frank Macomber. The remains were brought to his home, where the funeral was held Sunday afternoon, Rev. N. E. Musser conducting the services. **READ WHAT MR. DEVEREAUX SAYS** Romeo, Mich. 7-11-04  
Dr. Rhodes Company, Detroit, Mich.

gentlemen—When I started treatment with you the 11th day February last I was nothing more than a living skeleton. I was troubled with kidney troubles and Ulcers caused from blood poison coming back after fifteen years and I had been doctoring with four other doctors for the last five years. The last doctor I took treatment with gave me up, he said there was "no help for me" but a friend of mine came to see me one day and urged me to go and see the Rhodes company. I was then so weak that I could hardly walk four blocks to take the car, and I only weighed 125 lbs. After taking two months with you, I gained 25 pounds and now weigh 150 pounds, the most I ever weighed in my life before and I feel as good as I ever did, and am working every day. I thank you for what you have done for me as you have done just as you claimed you would. It was well to use that letter as a testimonial, you are welcome to it so as I wish to see if you can cure that is suffering the way I was and from a disease that is so fearful and incurable. Yours Truly,  
Edw. J. Devereaux, Romeo, Mich.
