

Stamp out fan dancing.

It's a fact! That inviolable juggling of fans and blowers that at best keeps your mind cool and your feet hot, may do as long as you keep yourself parked in one place. A fan heater is a better solution to summer comfort. An efficient Lennox central air conditioner provides steady, de-humidified cool on the hottest days. We install it fast. We call it KAST today.

KAST HEATING and COOLING
LENNOX central cooling is just a phone call away!

Dependable central air conditioning available.

Free tuition bill put before House

If bills currently before the state's lawmakers are enacted, Michigan residents may get two years of free college tuition and Oakland Intermediate Schools board members may be elected by public vote.

Under present practice, candidates who file petitions with the signatures of at least 50 registered voters are eligible for election to the five-member Oakland Intermediate Schools board.

Each of the 28 constituent school districts in the Oakland Intermediate District has a designated board member who votes in the intermediate district's annual board election.

THE ELECTION bill, introduced by Rep. Edgar Geertings (R-Muskegon) and others, calls for at-large election of intermediate school district boards rather than giving intermediate dis-

tricts the option of holding elections, as in Oakland County, or having local school boards appoint members.

The State Board of Education has said it would support the bill if it were amended to insure that not more than two members of a five-member board or three members of a seven-member board could be residents of the same school district.

The tuition bill, supported in concept by the State Board of Education, was introduced into the House of Representatives by Rep. Jackie Vaughan III (D-Detroit).

If the bill becomes law, it could cost the state \$115 million annually, based on current enrollments and tuition rates, according to Dr. John Porter, state superintendent of public instruction.

Kingswood takes top writing honor

BLOOMFIELD HILLS—Kingswood School Cranbrook students this year have won top national and local writing awards, including second place in the Columbia University Press Association contest for high school literary magazines.

Gallimudry, the Kingswood and Cranbrook schools' literary arts magazine, was judged on its literary and artistic merits in competition with hundreds of entries from across the country.

Donna Moynihan and Dr. K. Don Jacobus are the publication's advisers.

Also on the national level, Ellen Levy, daughter of Mr. and Mrs. Edward Levy Jr. of Birmingham, received the National Council of Teachers of English Award for excellence in writing.

SHE ALSO received first place in the Hollins College (Virginia) national poetry contest. Ellen was asked to attend the college's annual poetry festival. She will attend Princeton University in the fall.

On the local level, Debbie Keith, daughter of Judge and Mrs. Damon Keith of Detroit, received first place in Lawrence Institute of Technology's writing contest for a literary essay. Debbie also will attend Princeton in the fall.

Margaret Ringsted, daughter of Mr. and Mrs. Donald Ringsted of Bloomfield Hills, received first place for her literary essay in Oakland County.

Community College's writing contest. She will be a senior at Kingswood in September.

Kingswood School Cranbrook is an independent, day and boarding school for girls in grades seven through 12. With Cranbrook School and Brookside School Cranbrook, it comprises the Cranbrook Schools, one division of the Cranbrook Educational Community.
