

The charred remains of an automobile are hauled away after an accident on the West Bloomfield-Farmington Hills border. (Staff photo by Harry Mauthe)

4-car collision is investigated

West Bloomfield Police are investigating a four-car accident which happened Tuesday morning at 14 Mile and Middle Belt intersection. Although two of the cars were wrecked and burned beyond recognition, all four drivers escaped serious injury.

Three of the cars, headed south on Middle Belt, stopped for a red light. The fourth hit the back of the third car, causing a chain reaction, according to police officials.

The drivers involved were Howard S. Tirakian, of Birmingham; Mary Carney, of West Bloomfield; Marvin Kolender, of West Bloomfield; and Jerome Mudge, of West Bloomfield.

Trew finishes Academy duty

Lt. Col. James O. Trew, Michigan's Air Force Academy liaison officer, has completed a brief tour of active duty at the Air Force Academy.

Trew was briefed on various phases of the academic, athletic and air-manship programs which prepare cadets for Air Force officer careers. In addition to serving as liaison officer, Trew is an assistant to the vice president for academic affairs at Lawrence Institute of Technology.

Persons interested in obtaining information about the Academy can contact Trew at 21000 W. Ten Mile Road.

Coplai recognized for good training

David L. Coplai, of Farmington Hills, recently received an achievement award from the Detroit chapter of the American Society for Training and Development (ASTD).

Coplai is an account executive at Bill Sandy Co. and regional vice president of the ASTD. The annual award is given to professionals who are "deemed outstanding by their peers."

Coplai is a specialist in manpower training, psychology and motivation, research and development and learning systems. He has a masters degree in educational psychology from Eastern Michigan University and a bachelor's degree in business administration from Michigan State University.

Bill Sandy Co. produces a wide range of training programs and communications systems for clients in the automotive, food, petroleum and appliance industries.
