Behaviors. A hot wind from the Sahara. Behaviors. A hot new car from Volkswagen. Here's what Road & Track has to say about it. "The Behaviors is a modern, sophisticated car... it has that appearance to be perfectly suited for our times. Lively acceleration with remarkable fuel economy... driving fun... The steering is light... maneuvering characteristics... it will take the car-war game... A very good ride... There is no excess, and a lot of fun to be had, yet it's something to look at, designed to drive and lastingly... something."
